

Printable Move-Out & Move-In Cleaning Checklist

The checklist is thoughtfully organized into separate pages for each room, allowing you to work in a structured and efficient way. Each page includes clear, easy-to-check lists, helping you focus on one area at a time without feeling overwhelmed.

You can add or remove tasks based on the specific needs of your home, and there is dedicated space for personal notes—whether you want to mark sensitive areas, special cleaning products, or items that need to be checked again.

In addition, the checklist gives you the flexibility to print only the pages you need, such as just the kitchen and bathroom or only storage areas, without having to print the entire document. As a result, move-out cleaning becomes clearer, more personalized, and much easier to manage.

Kitchen

- Clean and degrease countertops
- Clean cabinets inside and out
- Clean drawers including interiors and handles
- Wash the sink and faucet including surrounding areas
- Clean the backsplash
- Clean the stovetop or cooktop including grates and knobs
